AREA LIGHTING

Safety and Security

Visibility is of the utmost importance when displaying high-priced retail items. Having a well-lit facility deters theft as well as attracts customers to your lot.

RETROFIT LIGHTING

Reduce Energy Consumption and Project Costs

In most cases, energy is the third highest overhead expenditure for a dealership. Retrofit existing fixtures with Neptun Retrofit Kits - its the most economical way to install new long-life lighting at your dealership. We will customize and certify each Retrofit Kit to guarantee the lowest project cost and shortest payback time.
